

Getting Started

When your child has been scheduled for surgery, our compassionate care team of pediatric surgeons, anesthesiologists and nurses will help you understand the upcoming procedure and guide you through the entire process.

Scheduling Surgery

After we receive the referral for surgery, please allow one business week for the surgical scheduling coordinator to contact you to set a date for surgery. If you are not contacted within one week, please call your surgeon's office.

PLEASE FOLLOW THESE STEPS BEFORE A SURGICAL DATE CAN BE SET:

- If you are not the biological parents or legally adoptive parents, you must provide proof of legal guardianship to the surgical scheduling coordinator before surgery can be scheduled.
- If you are an adult patient age 18 or older who has the ability to make an informed decision, you have the right to make your own medical treatment decisions.
- Any consultations or tests requested by your child's surgeon, such as seeing a neurologist or having a CT scan, need to be completed and the results faxed to our Pre Op team at 571-766-3091.
- Self-pay patients must make arrangements with our Surgical Coordinators at 571-766-3022

Canceling a procedure

If you need to cancel your child's procedure for any reason, please follow these instructions:

Prior to the day of the surgery: Call the scheduling coordinator at 571.766.3022.

Day of the surgery:

Call the pre-operative nurse in the procedure suite at 571.766.3024.
